MEDICARE PRESENTATIONS

NEW TO MEDICARE?

Will you be enrolling in Medicare soon or helping someone who has Medicare ?
Attend our two-part introductory series to learn more.

Medicare 101 – What You Can Expect From Medicare: Learn about Medicare Part A (Hospital), Part B (Medical) and Part D (Prescription Drug). How does Original Medicare (sometimes called Traditional Medicare) work? What are the benefits? What is your share of the costs? When should you make decisions regarding your coverage? Hear about assistance programs that can help pay some of your Medicare costs.

Medicare 102 – Why Medicare Isn't Enough: Learn about Part C (Medicare Advantage), other Medicare Health Plans and Medicare Supplement Policies (Medigap Plans). What should you consider when deciding if a Medicare HMO, PPO or Cost Plan is the right choice for you? Understand how the different Medigap plans cover your portion of the costs of Original Medicare, how they are priced and when is the best time to enroll. Hear about how to protect yourself and Medicare from health care fraud.

The 'Plan Finder' can also be used to compare Medicare health plans (such as HMOs, PPOs or Cost Plans) and while explaining the tool for that purpose is out of the scope of this presentation, you will learn many basics that are used for both types of comparisons.
